#### II.1.4) Short description

Sustrans wishes to commission a city-wide residents' travel behaviour "push-to-online" survey in up to 17 cities and areas across the UK.

The survey will gather data about walking, wheeling and cycling and travel behaviour, satisfaction and attitudes about a range of issues related to walking, wheeling and cycling in their city among a representative sample of residents. The successful contractor will design a research methodology and questionnaire tools compatible with the previous methodology and questionnaire, conduct the survey fieldwork, clean and analyse the data and return specified outputs to Sustrans for further analysis and modelling.

Sustrans intends to commission for one iteration of fieldwork in 2025.

Please see Invitation to Tender for further details.
