Contract

Landscape assessment to inform the National Forest Company forest creation strategy

THE NATIONAL FOREST COMPANY

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-035971

Procurement identifier (OCID): ocds-h6vhtk-05558f

Published 30 June 2025, 9:40am

Scope

Description

Ecological surveys of representative 100ha sites within each

of the six Landscape Character Areas (LCA) in the National Forest to ground-truth existing spatial datasets and develop clear distinctions between opportunities for closed-canopy woodlands and agroforestry.

Desk-based modelling in Geographical Information Systems

(GIS), building on the available spatial opportunity maps for creating new woodland and informed by the ecological surveys in WP1, which will allow us to develop the required tree planting delivery scenarios for the entire National Forest landscape.

Stakeholder engagement to incorporate local

knowledge in the delivery scenarios and help disseminate the findings effectively.
