Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The NHS Executives have a requirement for continuity of service for the educational and digital implementation platform in place that acts as an integrated Healthcare professional and patient support tool to deliver large scale programmes across all Wales to achieve established clinical and behavioural outcomes for the population. The system has been fully implemented for a number of years and provides a number of functions including to develop and implement national education solutions in the form of Welsh National Guidelines and Standards, providing dashboards and tools for clinical leaders, managers and commissioners to manage implementations of bespoke interventions, such as national clinical guidelines, large-scale education programmes, quality improvement, and patient support apps. ICST also provide sharing the learning through publishing and presenting at national and international conferences on what has been created, delivered and achieved in Wales. It should be noted that ICST advise that they own the intellectual property rights to the platform and service.

Following a review of the service and platform, NHS Executives are decommissioning the requirement, however, there is a need for continuity of service whilst the exit strategy is being communicated and undertaken with service users.

Based on the above, NWSSP Procurement Services and NHS Executives are issuing this notice applying a 10 day standstill period prior to award of this interim contract until the 31st March 2024.
