- UKI - London

II.2.4) Description of the procurement

Electric Vehicle Infrastructure Delivery (EVID) is one of Transport for London's programmes which has been designed to deliver London's 2030 Electric Vehicle Infrastructure Strategy commitment to unlock Greater London Authority group land for charging infrastructure. The programme focusses on releasing sites to the market which can host charge points (rated at a minimum of 50kW) to increase the number and coverage of charge points across London. Batch 2 of tranche 1 of the EVID programme includes a mixture of twenty six (26) single, double or quadruple bay sites on the Transport for London Road Network.
