Engagement

Engagement deadline

17 July 2025

Engagement process description

This notice is issued to support the ethos of full transparency from the Buyer's perspective.

Engagement comprised normal business interactions with the incumbent supplier and their sub-contractor, which has been used through experience and observation to inform the enhancement of a service specification to be included as part of the tender.

Interactions were remote via Microsoft Teams and emails on a BAU basis.

It is considered that no specific advantage was gained by these interactions beyond that which naturally occurs as a result of familiarity gained in delivering service (e.g. knowledge of Buyer's organisational needs and structure etc.)

The Buyer did not ask for or receive advice from the incumbent on the formulation of the prospective tender.

Th engagement is considered ongoing due to the continuation of service from the incumbent.

It should also be noted that there are other interactions with the incumbent in relation to other contracts between the parties. Those interactions are entirely independent of and have

no bearing on the interactions in relation to this contract or the prospective tender to be associated with this notice.

Submissions of expressions of interest and/or clarification questions regarding this notice can be emailed to the designated contact at the Contracting Authority.

Participation

Particular suitability

Small and medium-sized enterprises (SME)

Submission

Publication date of tender notice (estimated)

18 July 2025
