The primary target group are those within the T1000 cohort (i.e. longest histories of rough sleeping and highest levels of need) and 50% of the provision is targeted for women. This project will have a significant impact on reducing numbers on the streets, removing pressure on existing rough sleeping, homelessness and hostel services, and improving housing and health outcomes for those accommodated.

As such, the project is aligned with the Tower Hamlets Strategic Plan 2022-26:

- Priority 2: Homes for the Future

- o Work with developers and housing associations to deliver a minimum of 1000 social homes for rent per annum

- o Develop strategies to house the homeless (including, as a priority, to house street sleepers)

The funding for the project will come through the Single Homelessness Accommodation Programme (SHAP) a Department for Levelling Up Housing and Communities (DLUHC) revenue and capital programme administered in London by the Greater London Authority (GLA). The aim of SHAP is to provide new homes for people with complex needs and long histories of rough sleeping, for home a “housing-led” model of support is required. Funding is currently agreed for a three year period.

The project is a partnership with Notting Hill Genesis (NHG) Housing Association who will provide grant funded homes. LBTH is also providing nil-grant income homes.
