Section I: Contracting authority

I.1) Name and addresses

Transport for London

5 ENDEAVOUR SQUARE

LONDON

E201JN

Contact

Tufail Ahmed

Email

tufailahmed@tfl.gov.uk

Telephone

+44 7521098225

Country

United Kingdom

Region code

UKI - London

Justification for not providing organisation identifier

Not on any register

Internet address(es)

Main address

<https://tfl.gov.uk/>

Buyer's address

<https://service.ariba.com/Supplier.aw>

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Urban railway, tramway, trolley bus or bus services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

TfL Metering Data and Equipment

Reference number

TfL 96274 (WS1268878378)

II.1.2) Main CPV code

- 38554000 - Electricity meters

II.1.3) Type of contract

Supplies

II.1.4) Short description

TfL is looking to procure a 10 year (5+5) annual metering data acquisition and cloud relay service including a call off of preconfigured Measuring Instruments Directive approved meters / logging solutions for electricity, gas, heat and water consumption throughout TfL's properties including the relevant comms interface units to access the contract's data acquisitions services.

The purpose of this PIN is to give early notification of a potential tender to be published.

II.1.5) Estimated total value

Value excluding VAT: £999,750

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 32412000 - Communications network
- 32570000 - Communications equipment

- 32580000 - Data equipment
- 38421000 - Flow-measuring equipment
- 38424000 - Measuring and control equipment
- 38551000 - Energy meters
- 44424100 - Meter-housing boxes

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

Transport for London (TfL) is seeking to appoint a Service Provider on an initial 5-year basis, with provisions to extend for up to a further 5 years at TfL's discretion. The scope of the contract is the following key areas:

- Half hourly meter consumption data provision to TfL's SystemsLink web portal;
- Pre-configured Measuring Instruments Directive (MID) approved metering & comms equipment for free issue to TfL's internal electricians as well as any framework installation contractors required (or any other TfL-appointed party) to install the meters in order to enable billing of tenants and general energy management & reporting for Net Zero Carbon planning.

The publication of this PIN to inform the market of a potential upcoming tender follows the successful proof of concept works during 2022 that:

- Installed multiple electricity meter types using 4G, NB-IOT and TfL corporate WiFi comms routes to provide data to a central cloud portal;
- Tested comms options for water meter and electricity meter Modbus loggers;
- Integrated onward csv file provision of the half hourly meter consumption data to TfL's SystemsLink web portal;
- Provided a scope of works for TfL corporate WiFi rollout to all WiFi access points across the portfolio.

Any potential future procurement with associated documents will be published on TfL's sourcing system.

II.2.14) Additional information

TfL have recently switched to a new sourcing system, SAP Ariba, meaning that TfL's processes are now different to those that suppliers may be familiar with. The following instructions explain this new system and provide guidance on how interested parties will be able to communicate with TfL.

To register or to check if you are already registered to SAP Ariba, log on to <https://service.ariba.com/Supplier.aw>. Interested parties must read the instructions carefully before proceeding with registration. For help on using the SAP Ariba system, please refer to https://support.ariba.com/Adapt/Ariba_Network_Supplier_Training. If the problem persists, please contact Ariba_Supplier_Enablement@tfl.gov.uk

Interested parties must register on Transport for London's SAP Ariba system.

<https://s1-eu.ariba.com/Sourcing/Main/ad/selfRegistration?realm=TfL>

Once registered, please provide the bid manager's registered SAP Ariba details via email to Tufail Ahmed (tufailahmed@tfl.gov.uk) that include: name, position, email address and supplier name. Interested parties are requested to do this by 15 January 2023.

Not expressing an interest at this stage will not exclude you from participating in any future call for competition.

Please note that this is not a call for competition, with details being requested to gauge market appetite, and ensure access to the procurement event for any future call for competition.

II.3) Estimated date of publication of contract notice

30 January 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
