#### II.2.4) Description of the procurement

Hanover (Scotland) is seeking a Warden Call and Telecare Services solution for its portfolio of homes across Scotland. This solution will deliver periodic testing, maintenance and repairs including a 24/7 / 365 day response capability for the restoration of critical services and a customer request service for fault reporting and resolution. Some training will also be required. To enable this, integration with existing Warden Call, Telecare and other Hanover systems will be required. The new service will commence with confirmation of the asset baseline to establish condition and, from which, to develop and implement an appropriate preventative maintenance and equipment replacement schedule.

During the contract period the estate will undergo a digitisation programme. A number of properties' equipment will be upgraded and, post upgrade, a period of manufacturer warranty on the new/upgraded will apply. However, the equipment will still be required to inspected by the Supplier during this period. Seamless support services will be required to be delivered during this period of transition from analogue, through a period of analogue /

digital mix and on to a fully digital service. An open tender exercise will be carried out. Bidders will be required to provide a cost per development to carry out pre-planned maintenance to all equipment on site, as well as an hourly rate for callout services, for the commercial aspect. Bidders will also be required to provide answers to technical questions for the quality element

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

A summary of the expected community benefits has been provided as follows:

Community Benefit Agreement

It is expected that this Contract will attract Community Benefits across the term of the contract. The Association will receive an agreed % Community Benefit Contribution per annum from the contractor to be used for any local or national Community Works, Community Support, Wellbeing, Social, Employment or Environmental Project. This will be based on the table below.

The agreed % value will be calculated based on the annual spend (split into 4 quarterly, 2 six monthly or 1 annual amount payable at the end of each quarter or six months or annually). Please note that the agreed % Community Benefit Contribution is for every year of the contract and based on each call of or direct award made from the contract.

The minimum level Community Benefit to be delivered from each procurement activity will be dependent on the ontract value.
