Scope

Description

His Majesty's Passport Office (HMPO), part of the Home Office, as the Contracting Authority, is reviewing potential options for future Document Management services.

Overview of the Service:

HMPO requires its customers who apply for a new passport, a replacement passport, or a passport renewal, to send in supporting documentation (hard copies) as part of their application.

The Document Management Service requirement at a high level is to:

- Sort inbound mail into various streams;
- Validate and, where required, verify the authenticity of documents contained within each application;
- Scan documents to a standard that allows for easy reading of data on documents;
- Categorise documents into streams as defined by HMPO;

- Store and retrieve documents upon return requests issued by HMPO.

Please note, three Requests for Information (RFIs) have been run as part of market engagement to inform this procurement. This market engagement was conducted under the previous Public Contract Regulations (PCR) 2015 which is the reason why a Preliminary Market Engagement notice under the new regulations has not been published for this procurement.

Justification for not using lots

Lotting was tested during early market engagement and a thorough pros and cons analysis was also conducted to inform the decision to proceed with a single lot. Reasons cited from the market engagement feedback and the pros and cons analysis included the risk of integration, as well as the Authority's contract management resource capability.

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

There will be five stages for the Competitive Flexible Procedure:

1. Conditions of Participation - Bidders will be asked to complete the Procurement Specific Questionnaire, used to qualify suitable Bidders for the later stages of the procurement through assessment of basic financial, legal, and organisational standards.
2. Dialogue - Bidders who successfully pass the Conditions of Participation stage will be invited to 1-2-1 dialogue sessions with the Authority focussed on ensuring a common understanding of requirements before the ITT stage.
3. Invitation To Tender (ITT) - Following the Dialogue stage, Bidders will be invited to formally respond to both a quality questionnaire and financial pricing model, allowing the Authority to assess technical and commercial elements of bids. Bidders will be down selected at this point ahead of the next stage.
4. Negotiation - Down selected Bidders will be invited to commercial negotiation sessions with the Authority focussed on pre-selected elements of bids.
5. Best and Final Offer (BAFO) - Following the Negotiation stage, Bidders will be invited to

submit a BAFO. Following this stage, the winning Bidder will be awarded.

The information provided here is for transparency and based on latest available information but may be subject to changes during the procurement.

Documents

Documents to be provided after the tender notice

The Authority will be sharing the NDA for the procurement via Jaggaer. Once the NDA is signed, the Authority will share five documents as part of the first stage of the procurement, the Conditions of Participation:

1. Appendix 1 - PSQ Instructions

This sets out the instructions for the Conditions of Participation stage and provides an overview of the overall procurement timeline.

2. Appendix 2 - Supplier Briefing Document - PSQ

This provides an overview of the Document Management Service and a commercial overview of the Conditions of Participation stage and is supplementary to the Instructions Document.

3. Appendix 3 - Procurement Specific Questionnaire

The Procurement Specific Questionnaire (PSQ) will be used to qualify suitable Bidders for the later stages of the procurement through assessment of basic financial, legal, and organisational standards. Bidders will be required to populate and return the PSQ by the specified deadline in the Instructions Document.

4. Appendix 4 - Financial Viability Risk Assessment Tool

The Financial Viability Risk Assessment Tool (FVRA) accompanies the Procurement Specific Questionnaire (PSQ) and will be used specifically for monitoring the economic and financial standing of Bidders.

5. Appendix 5 - Clarification Questions Template

This template will be used for any questions that Bidders have during the Conditions of Participation stage.

Documents associated specifically with each future stage of the procurement following the Conditions of Participation stage will be shared at the beginning of each stage. For example, the draft contract will be shared at the start of the Invitation To Tender (ITT) stage.
