VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

NIE Networks requires additional 33kV Switchboards from the incumbent supplier primarily due to increased internal and customer requirements in excess of the forecast at the time of the published Contract Award Notice. Furthermore, due to significant lead times it is necessary for NIE Networks to place orders to ensure continued supplies of these units, which are critical to maintain operations, until the award of the new procurement process. This procurement process will commence in 2024 and will include non-SF6 33kV Switchboards.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

NIE Networks requires additional 33kV Switchboards from the incumbent supplier primarily due to increased internal and customer requirements in excess of the forecast at the time of the published Contract Award Notice. Furthermore, due to significant lead times it is necessary for NIE Networks to place orders to ensure continued supplies of these units, which are critical to maintain operations, until the award of the new procurement process. This procurement process will commence in 2024 and will include non-SF6 33kV Switchboards.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £11,000,000

Total contract value after the modifications

Value excluding VAT: £14,320,000
