II.1) Scope of the procurement

II.1.1) Title

Integrated Urgent Care and non-urgent care services

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

A long term integrated urgent care pathway and additional services for the population of Nottingham and Nottinghamshire. This will enable a key interface between the regional 111 service and 999 call centre capability and other local clinical assessment and urgent care services.

The ICB is looking to commission a single provider capable of delivering a range of services that integrate across primary, community and secondary care to drive improvements in management of urgent care demand across the Nottingham and Nottinghamshire ICS geographical footprint. This will deliver equity of service for the population, operational and financial efficiencies through economies of scale and reduced duplication across the pathway.
