There will be a maximum of 6 suppliers appointed. It is expected that the successful suppliers will utilise a diverse supply chain to provide specialist support in the required

z) transport engineering

areas.

Work under the framework may be awarded following mini-competition, following a single response to a request for expressions of interest or through a direct award to a single supplier.

The main site of performance of the activities is England. However, successful suppliers may be requested to work outside of England in support of the organisations enabled to use this framework, as noted in the additional information.

Further details of the requirements of the topic areas and the processes to award work are included in the tender documents.
