Section II: Object

II.1) Scope of the procurement

II.1.1) Title

HE Web Technical Supplier Framework

Reference number

P/REF 00000244

II.1.2) Main CPV code

- 72212222 - Web server software development services

II.1.3) Type of contract

Services

II.1.4) Short description

Historic England is looking to appoint suppliers to a framework to provide web-development Services for selected projects and organisations across three financial years [23/24 to 25/26 – 2+1 approach] in support of Historic England website deliveries. The provider will support Historic England in planning, scoping, delivering and testing website developments, as well as supporting through deployment and providing any necessary knowledge transfer. The work involved will range from the creation of small, self-contained components that could be used across our websites (e.g. a component to display CMS content in a new way) to larger-scale, more complex deliveries to meet specific content needs (e.g. interactive functionality using a range of data sources). In some cases, we will require the delivery of a component or product that can be integrated into the website by our own developers (with appropriate handover from the supplier). In others, there will be a need for the supplier to car

II.1.5) Estimated total value

Value excluding VAT: £200,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48825000 - Web servers
- 72212222 - Web server software development services
- 72415000 - World wide web (www) site operation host services
- 72212224 - Web page editing software development services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Historic England is looking to appoint suppliers to a framework to provide web-development Services for selected projects and organisations across three financial years [23/24 to 25/26 – 2+1 approach] in support of Historic England website deliveries. The provider will support Historic England in planning, scoping, delivering and testing website developments, as well as supporting through deployment and providing any necessary knowledge transfer. The work involved will range from the creation of small, self-contained components that could be used across our websites (e.g. a component to display CMS content in a new way) to larger-scale, more complex deliveries to meet specific content needs (e.g. interactive functionality using a range of data sources). In some cases, we will require the delivery of a component or product that can be integrated into the website by our own developers (with appropriate handover from the supplier). In others, there will be a need for the supplier to carry out the integration work.

II.2.5) Award criteria

Price

II.2.6) Estimated value

Value excluding VAT: £200,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal
