Tender

Fundamentals of Modelling in Groundwater Management and Regulatory Decision-Making

Environment Agency

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-036361

Procurement identifier (OCID): ocids-h6vhtk-055696

Published 1 July 2025, 11:58am

Scope

Reference

ENVWLB00485R

Description

This is a foundational course that aims to provide delegates with a basic understanding of various models, conceptual, analytical and numerical, used in groundwater investigations and management. The limitations and appropriate use of different types of models will be discussed, along with sources of uncertainty and understanding model sensitivity. It is not aimed at teaching delegates to build models. It will be taught in the context of developing appropriate knowledge to enable proper use of groundwater models in supporting regulatory decision-making.

Total value (estimated)

- £0 excluding VAT
- £0 including VAT

Below the relevant threshold

Contract dates (estimated)

- 11 August 2025 to 31 March 2030
- 4 years, 7 months, 21 days

Main procurement category

Services

CPV classifications

- 80531200 - Technical training services

Contract locations

- UK - United Kingdom
