The Council expects a JCT D&B contract to be entered into should the buy back option of Brent Court be triggered. This tender requires bidders to submit prices for the following 1. Land disposal of Shephall View 2. Enhanced Deferred Land Value for Shephall View 3. Land disposal of Brent Court 4. A construction cost for building out the units at Brent Court for the council The land disposal(s) will be subject to approval of a detailed planning application and any construction contract will through a JCT Design and Build contract with amendments included within this pack. Shephall View The proposed scheme may include 14 shared ownership units and 2 units which currently sit outside the current ownership of the council. The tenure mixes and units outside of the council ownership will be resolved at the point of contract, however for the purpose of this tender the council is seeking bidders to qualify an offer for various aspects, some of which will not be part of the price evaluation. In addition to this the council is seeking an Enhanced Deferred Land Value option to delay the land payment in return for an uplift in land value. Schedule 1 of the contract sets out the calculation and process for the Enhanced Deferred Land Value, bidders will be asked to complete these details as part of their price submission. All figures that are provided will need to be substantiated and SBC reserves the right to consult local market experts on submitted values and challenge any which are abnormally high. Brent Court The council intend to sell the land to the developer with an option to buy back at some point in the development process. The buyback of the land will be restricted in the contract to that of the sale price, and for avoidance of doubt the developer will not be able to sell back the land at a high value.
