Global Burden of Disease Market Testing

Department of Health and Social Care

F01: Prior information notice

Prior information only

Notice identifier: 2023/S 000-036380

Procurement identifier (OCID): ocids-h6vhtk-042333

Published 11 December 2023, 2:17pm

Section I: Contracting authority

I.1) Name and addresses

Department of Health and Social Care

39 Victoria Street

London

SW1H 0EU

Contact

Joe Smith

Email

Joe.Smith1@dhsc.gov.uk

Country

United Kingdom

Region code

UKI32 - Westminster

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/department-of-health-and-social-care>

Buyer's address

<https://www.gov.uk/government/organisations/department-of-health-and-social-care>

I.3) Communication

Additional information can be obtained from the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://health-family.force.com/s/Welcome>

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Global Burden of Disease Market Testing

II.1.2) Main CPV code

- 71620000 - Analysis services

II.1.3) Type of contract

Services

II.1.4) Short description

Produce a set of metrics to measure the global burden of disease

II.1.5) Estimated total value

Value excluding VAT: £100,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 72300000 - Data services
- 79330000 - Statistical services
- 72310000 - Data-processing services
- 73110000 - Research services
- 73000000 - Research and development services and related consultancy services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Global Burden of Disease (GBD) programme produces a series of modelled metrics that provide a comprehensive picture of mortality and disability across geographies, time, age groups and gender. It quantifies health loss from hundreds of diseases, injuries, and risk factors, so that health systems can be improved and disparities eliminated.

Main results are presented as disability-adjusted life years (DALYs), a time-based measure that combines years of life lost due to premature mortality (YLLs) and years lived with a disability (YLDs). These metrics were specifically developed to assess the burden of disease.

GBD provides a consistent and comparative description of burden of diseases, injuries and risks, allowing us to answer these questions:

- What are the main causes of health loss in an area today?
- What causes are getting worse and which are improving?
- Compared to a set of relevant areas, what causes have rates that are substantially higher (or lower)?
- What are the major risks associated with causes of burden?

GBD metrics are available for England as time series since 1990, at national, regional and local authority level

II.2.14) Additional information

We are looking to procure a supplier to produce a set of metrics to test the global burden of disease.

To respond to this please register on the departments eTendering portal Atamis to upload a response
