II.2.4) Description of the procurement

East Midlands Pharmacy Collaborative (EMPC) as the Contracting Authority wishes to establish a multi-provider Framework Agreement for the Supply of Ready to Administer Products as defined in this specification.

Any NHS Purchasing Authority which subsequently join Contracting Authority will have the right to join this contracting arrangement at any point during the life of the contract framework and any extension period with the written agreement of both parties.

The specification outlines the initial range of goods to be delivered as part of this Framework Agreement.

Purchasing Ready to Administer Products simplifies the medication administration process in the near patient area and reduces the risk of calculation and mixing errors. Participating Purchasing Authorities within the East Midlands have insufficient capacity for the aseptic production of ready to administer drugs to meet their expanding needs, therefore supplier/supplier(s) are sought to supplement the current service through the provision of a high-quality, cost-effective service to supply Ready to Administer products. Purchasing Authorities reserve the right to manufacture products “in-house” to meet their own requirements. Individual Purchasing Authority requirements will be confirmed when the contract is let.

Please refer to the Tender Specification for full details.

II.2.5) Award criteria
