II.2.4) Description of the procurement

This is not a new contract opportunity, but rather a VEAT notice to inform the market that the contracting authority is seeking to extend its existing contract for the treatment and disposal of residual waste with Suez Recycling and Recovery UK Ltd which was originally awarded in 2013 and is due to expire on 31 March 2026.

The extension period will be for a minimum of two years (terminating on 31 March 2028) and for a maximum of five years (with a long stop expiry date of 31 March 2031).

The contracting authority is currently in procurement (alongside six other local authorities) for a longer term contractor to Design, Build, Finance and Operate an energy recovery facility for the treatment and disposal of this waste. This limited contract extension will provide flexibility for the contracting authority and ensure continuity of service provision for the treatment of non-recycled waste until such time as the successful contractor takes responsibility for the management of the waste under the new longer term contract.

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- New works/services, constituting a repetition of existing works/services

Explanation:

This VEAT notice relates to a modification to the contract originally awarded in 2013 following a competitive award process. The contracting authority considers that the modification is permitted by Regulation 72(1)(e) of the Public Contracts Regulations 2015 as a modification which is not substantial. The proposed extension of the contract is based otherwise on substantively the existing terms and conditions and does not render the contract materially different in character, change the economic balance of the contract or considerably extend its scope. The contracting authority does not consider that if the contract had originally been advertised to include this extension that it would have attracted any different participants or candidates or that the outcome of the original procurement would have been any different.
