Works

#### **II.1.4) Short description**

Efficiency East Midlands (EEM Ltd) is a procurement consortium which establishes and manages a range of Frameworks and DPS agreements. Our members include organisations providing services to the whole public sector including Housing Associations, Local Authorities, NHS Trusts, Education Providers and Emergency Services. For more information on EEM and our offering please visit: <https://eem.org.uk/>

In September 2021 EEM launched a DPS for Property Maintenance Works for contracts with a value of under £150,000. Due to current market conditions, EEM wishes to increase the value of contracts by awarding two additional categories to increase the contract value to £1,500,000. This notice covers the creation of the two new categories.

EEM is conducting this tender exercise to establish a dynamic purchasing system (DPS) consisting of contractors who can undertake wide scope of property maintenance works including internal, external, and whole house improvement and maintenance works.

The DPS has been set up to complement our existing Property Improvement Works Framework (EEM0056) to enable greater competition and choice to members.

The DPS supports members looking to source suitable contractors to carry out property improvement and maintenance works including internal, external, and whole house improvement and maintenance works to a single or multiple occupied and void properties.

The DPS initial application period will run until 23rd January 2023 and EEM will then

review all applications received during the initial application period from 24th January 2023.

Organisations appointed on to the DPS will receive a DPS Agreement to sign and return. The additional categories for the DPS being advertised through this opportunity will commence on 6th February 2023 ending on 26th September 2026 to fall in line with the existing DPS.

Applicants can submit an application to join the DPS at any point during the DPS term and will have the option to apply for the three existing value categories.

#### **II.1.5) Estimated total value**

Value excluding VAT: £50,000,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

- UKH - East of England
- UKI - London
- UKJ - South East (England)
- UKK - South West (England)
- UKL - Wales

## **II.2.4) Description of the procurement**

EEM is conducting this tender exercise to increase the scope of our existing Property Maintenance DPS by adding two new value categories. The DPS consists of contractors who can undertake wide scope of property maintenance works including internal, external, and whole house improvement and maintenance works. The DPS is being set up to complement our existing Property Improvement Works Framework (EEM0056).

The DPS will support members looking to source suitable contractors to carry out property improvement and maintenance works including internal, external, and whole house

improvement and maintenance works to a single or multiple occupied and void properties up to either a maximum total or annual contract value of £1,500,000.

Mini tenders via our Property Maintenance DPS will be for planned maintenance works however, reactive maintenance and repairs will be permitted providing it forms part of a planned maintenance contract and does not form the core works to be awarded.

Contracting Authorities will be responsible for specifying any reactive repair service level requirements within their mini tender.

The following is not an exhaustive list of the types of property improvement and maintenance works covered by the DPS;

### **Internal Maintenance Works**

- Electrical repairs, upgrades, testing, remedial, rewires and installation works
- Mechanical upgrades and installation works associated with internal property maintenance
- Heating system repairs, upgrades, and installation works
- Plumbing works
- Kitchen and bathrooms repairs and upgrade work to include new installation
- Level access shower installations
- Joinery and carpentry work
- Plastering works
- Tiling works

- Painting and decoration work including cyclical decoration works and fungicidal wash treatments
- Flooring works
- Void property maintenance including works to bring properties back to re-let standards
- Multi skilled operatives
- Loft insulation
- General builders work
- Any other maintenance works associated with maintaining the inside of a property

#### External Maintenance Works

- Front and rear boundary repairs and improvements including fence and gates
- External wall repairs
- Brickwork repairs and pointing
- External fabric repairs and external decoration works
- Windows, doors, guttering and fascia and soffit repairs and replacements
- Chimney and roof repairs including roof replacements
- Installing of fencing and pedestrian and vehicle gates and handrails
- Tarmacking and resurfacing works including parking areas and thermoplastic line markings
- Paving works
- Pathway repairs or excavation of existing damaged and laying of new pathways
- Retaining wall works, removal of existing and lay new wall structures.
- Entrance Canopy's and Shelters including refurbishment, repairs and new installations .
- Cladding refurbishment and repairs

- Porch repairs.
- Supply and laying of new turf and re-seeding of grass verges
- External works to void properties including works to bring properties back to re-let standards
- Any other maintenance works associated with maintaining the exterior of a property

#### Whole House Maintenance Works

Multiple internal and external improvement works as detailed above being carried out to a single or selection of properties.

Our Property Maintenance DPS (DPS0009) is already split into workstream, contract value bands and geographical categories. The categories and how they will operate are described within the DPS application on the Geometra portal and supporting documents Part A and B.

This notice covers the addition of two new contract value categories:

- Contracts with a value between £150,000 - £500,000
- Contracts with a value between £500,000 - £1,500,000

The two new categories will be administered as part of the existing DPS - reference DPS0009 Property Maintenance Works.

EEM members are located throughout England and Wales, and we have included a geographical categories as part of this DPS to allow applicants to select the locations they can work in throughout England and Wales. Applicants are not restricted in the number of geographical locations they can select to operate in but must carefully consider their geographical selection to ensure they have sufficient capacity and resource to support members in the locations they select to work in.

#### **II.2.5) Award criteria**

Quality criterion - Name: DPS Application Questionnaire / Weighting: Pass/Fail

Cost criterion - Name: Prices are not assessed at DPS application stage and will be assessed during each individual mini tender / Weighting: 0

#### **II.2.6) Estimated value**

Value excluding VAT: £50,000,000

**II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

44

This contract is subject to renewal

No

**II.2.10) Information about variants**

Variants will be accepted: No

**II.2.11) Information about options**

Options: No

**II.2.14) Additional information**

This DPS is being procured by Efficiency East Midlands Ltd (EEM) on behalf of their members and the other organisations described below as being authorised users. The following Contracting Authorities will be entitled to agree and award contracts under this DPS Agreement as Authorised Users:

1) any Member of EEM which for the avoidance of doubt currently includes 3 partner consortia - Westworks([www.westworks.org.uk](http://www.westworks.org.uk)),
