<https://www.gov.uk/government/organisations/sellafield-ltd>

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

SRP Products

Reference number

C1570744

II.1.2) Main CPV code

- 44613400 - Storage containers

II.1.3) Type of contract

Supplies

II.1.4) Short description

This Prior Information Notice (PIN), without call for competition, is to alert the market and Potential Suppliers to a Contract Opportunity and to seek engagement in relation to the supply of SRP Products, which are containers used for nuclear material processing and storage.

Sellafield Ltd alongside this PIN is providing the market with additional details as set out in the Supporting Market Engagement Activities document and supporting documents which are shared via the Atamis e-procurement portal, as referred to in II.2.14.1 Additional Information. The document includes further information on New Product Introduction (NPI), Key Performance Indicators (KPI's), Pricing, Contract Quality Arrangements, and the Design Drawings and Specification along with further summary information.

Please note that the proposed date of publication of the Contract Notice is March 2024 which is an indicative date and may be subject to change.

Sellafield Ltd will undertake a procurement for SRP Products and will be conducting a further market engagement webinar to inform Potential Suppliers of our procurement plans and requirements. In addition, there will also be an opportunity for Potential Supplier's to provide feedback through Atamis prior to the webinar and continuing through to the publication of the Contract Notice.

Details on how to register your interest and attendance at the webinar can be found in section II.2.14.1.

II.1.5) Estimated total value

Value excluding VAT: £75,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 09300000 - Electricity, heating, solar and nuclear energy
- 19520000 - Plastic products
- 14622000 - Steel
- 44616200 - Waste drums
- 09343000 - Radioactive materials
- 71323000 - Engineering-design services for industrial process and production
- 90521500 - Packaging of radioactive waste
- 98391000 - Decommissioning services
- 44619000 - Other containers
- 24540000 - Primary-form of vinyl polymers

II.2.3) Place of performance

NUTS codes

- UKD11 - West Cumbria

Main site or place of performance

West Cumbria

II.2.4) Description of the procurement

The SRP Products Procurement is for manufacturing capability to support the design, manufacture, and supply of SRP products. There are five SRP Products in early design maturity, including three stainless steel containers that make up the final long-term storage package and two stainless steel/polymer consumable products that are process

enablers required to safely operate the plant.

The SRP Containers consist of the following three sub-groups:

- Inner Can Body and Lid;
- Intermediate Can Body and Hollow Plug Assembly; and
- Outer Can Body and Lid.

The SRP Consumables consist of the following two sub-groups:

- SRP Package Carrier (SPC) Body and Lid; and
- Sphincter Plug Body and Lid.

SRP Products is a pilot for the application of the New Product Introduction (NPI) process, which sees the procurement being run at an earlier stage than previous Sellafield Ltd manufactured product procurements. This approach is to enable manufacturer's input into the final product design and specification, benefitting Sellafield Ltd by ensuring repeatable manufacture at the right quality, cost, and rate.

II.2.14) Additional information

As detailed in section II.1.4.1 Sellafield Ltd will be holding a further market engagement webinar on 11th January 2024 to inform Potential Suppliers of our procurement plans and requirements, with additional details in relation to the technical and commercial elements associated with this Procurement.

As referred to in I.3) Communication, the market engagement activity will be managed via the Atamis e-procurement portal, which can be accessed via the URL (<https://one-nda.force.com/s/Welcome>).

Once you have registered and accessed the portal, if you are interested in attending the webinar, please return your expression of interest via the Atamis messaging functionality under Atamis reference C14661.

Please note that all documentation issued at previous market engagement webinars published through our CTM portal can now be found in Sellafield Ltd Atamis e-procurement portal under reference C14661 should Potential Suppliers wish to review.

II.3) Estimated date of publication of contract notice

4 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
