II.1.3) Type of contract

Services

II.1.4) Short description

The Council has previously awarded agreements to a number of Providers to deliver Care at Home Services (formerly known as domiciliary care), this is a voluntary ex ante transparency (VEAT) notice being used to extend the current agreements beyond their expiry dates. This is to ensure continuous operation of the providers during re-commissioning of this area, which is necessary due to a shortfall in provision, when compared with market demand for services.

Providers will be expected to provide support to a full range of Service Users including those with complex health needs and end of life support at a level set out within this specification. As such, the Service is being jointly commissioned by Cheshire East Council, Eastern Cheshire Clinical Commissioning Group and South Cheshire Clinical Commissioning Group; known know as the ICB. The principle objective of the service is to enable Service Users to remain in their own homes wherever possible, whilst preserving maximum independence, minimising risks, achieving outcomes and promoting quality of life. Provision is expected to complement and support informal carers where appropriate.

The Council are proposing to extend current agreements by a period of 12 months until 3rd September 2024, with an anticipated additional spend in total of 15,696,067 GBP being added to the contract value across all lots and providers, taking it to approximately 81,881,100 GBP this allows for some growth in the market and a fee increase, due to wage increases.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- Extreme urgency brought about by events unforeseeable for the contracting authority

- Additional deliveries by the original supplier

Explanation:

The Council is applying regulation 32 (2) (c) of the Public Contract Regulations 2015, due to the current situation in the care at home market this is classed as extreme urgency brought about by unforeseen events. Providers are under significant pressure, some have exited the market and others are unable to recruit care workers. Effectively extending the current agreements that the Council has in place with providers and converting the current prime to framework contracts will ensure that the Council is taking every possible action to meet its statutory duty under the Care Act 2014; the intention being to enable providers greater flexibility to work across the borough's geographical areas, hence the new agreements will all be akin to the current framework agreements.

The Council intends to re-open the care at home framework to allow new providers to join in January 2023; upon successful evaluation, care packages may be awarded to new providers. It should be noted that this framework was originally procured under the light touch regime with a voluntary 10 days standstill period effected.

The original agreements have previously been modified to add a total spending of £11,000,000 across all providers and to extend the end date to 3rd September 2023.

This VEAT notice is being published to show the Council's intention to award further business to the current providers and to effectively extend the current agreements by 12 months from 4th September 2023 to 3rd September 2024, at an anticipated cost of approximately £15,696,067 in total across all lots and all of the providers. Note the award values provided in this notice are the expected spend for the new 12 month period, a 10 day standstill period will now be applied from the publication date of this notice.

IV.1.3) Information about a framework agreement

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

VI.4) Procedures for review

VI.4.1) Review body

Royal Courts of Justice

High Court

London

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Council will incorporate a standstill period at the point information on this notification is published.

The notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for tenderers or potential tenderers to scrutinise the award decision before the contract is entered into. The Public Contracts Regulations 2015 (SI No 102) provides for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
