- UKF22 - Leicestershire CC and Rutland

II.2.4) Description of the procurement

The Council is looking to appoint a single suitably experienced tenderer as a 'Contractor' under an NEC4 Term Service Short Contract to undertake the replacement of defective

carriageway surfacing and associated accommodation works. This includes:

- Mobilisation:

- early contractor involvement
- attendance at monthly progress and finance meetings
- carrying out the role of Principal Contractor in accordance with the Construction (Design and Management) Regulations 2015
- Liaison and co-ordination with the Client
- working in accordance with the Client's permit scheme
- assessment of the Health and Safety implications and implementation of safe systems of work, plans and appropriate control measures
- provision and maintenance of compound and stores areas
- supervision of works
- on-site welfare facilities for the Contractor's and Client's use

- Traffic Management:

- Design of traffic management layouts
- Advance notification/permit boards
- Road closures and diversions
- Traffic signal controlled lane closures
- Traffic marshals/Gate persons
- No parking signs and/or cones
- Pedestrian barriers
- Safety fencing

- Accommodation Works:

- Repair and/or adjustment of kerbs and channels in short lengths adjacent to surfacing works
- Adjusting levels of ironworks within surfacing works
- Repair of ironworks within surfacing works
- Cold Milling:
 - Removal of defective areas of surfacing by cold milling
 - Trimming and working around obstructions
 - Removal of all loose material
 - Disposal or recycling of non-hazardous arisings
 - Storage and recycling of tar bound arisings for reuse
- Surfacing:
 - Conventional surface, binder, and base courses
 - Polymer modified surface, binder, and base course options
 - Environmentally advantageous surface, binder, and base courses options
 - Foam-mix recycling and re-use of previously cold milled tar bound materials
 - Asphalt reinforcement options
 - Bond coat
- Road Markings:
 - Reinstatement of screed thermoplastic road markings
- General Requirements:
 - The Contractor will assume the role of Principle Contractor and the Client will assume the role of Principle Designer under the Construction Design Management Regulations 2015.
 - The service may be required during days, nights, or weekends.

- The Contractor is required to conform with the Client's PPE requirements, or to a higher standard.
- The Client will undertake testing to ensure compliance with the Specification.
- The Client and Contractor are required to co-operate to ensure that works are planned and completed safely and in the most efficient timescales
- The Contractor will be responsible for defects for a period of 12 months from the completion of each Task Order, unless a longer period is agreed
- Rates submitted at tender will be adjusted monthly – i.e. at the first assessment day and thereafter at each subsequent assessment day

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 40
