I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Health & Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Postgraduate higher qualifications for HEIW

Reference number

HEIW - STA - 742

II.1.2) Main CPV code

- 80000000 - Education and training services

II.1.3) Type of contract

Services

II.1.4) Short description

A STA is required for the commissioning of higher qualifications in optometry for the 2024-2025 period, to be delivered by Cardiff University. This is essential to support the upskilling of the optometry workforce in Wales to meet the demands of the new NHS optometry contract. Cardiff University is the sole higher education institution (HEI) in Wales offering the necessary Level 7 qualifications, ensuring accessibility and alignment with workforce needs. Other HEIs in England offer similar courses but are not eligible for Welsh Government funding, making Cardiff University uniquely positioned for this tender.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £178,220

II.2) Description

II.2.2) Additional CPV code(s)

- 80430000 - Adult-education services at university level

II.2.3) Place of performance

NUTS codes

- UKL - Wales

II.2.4) Description of the procurement

The commissioning of higher qualifications for optometrists in Wales through a STA is required for the 2024-2025 period. This is driven by the need to upskill the optometry workforce to deliver the enhanced services under the new NHS optometry contract, which utilises a Banding system and includes additional remuneration for Independent Prescribing and other advanced services. The qualifications required include Independent Prescribing, Medical Retina, and Glaucoma certificates, among others, all of which are offered at Postgraduate Level 7.

Cardiff University is uniquely positioned to deliver these courses, as it is the only higher education institution (HEI) in Wales that provides the requisite qualifications, with a proven track record of delivering high-quality training and excellent outcomes. While similar qualifications are available at HEIs in England, the funding from HEIW is exclusive to Welsh-based optometrists, making Cardiff University the only institution that can access these resources.

Additionally, choosing a Welsh HEI minimises travel time and environmental impact while supporting the Welsh economy. For these reasons, Cardiff University is the only suitable provider for the timely delivery of these qualifications to meet the 2024-2025 workforce requirements and ensure compliance with the new NHS contract standards.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure
