II.1.4) Short description

HS2 Ltd is seeking to procure a single, central, spatially integrated data and document management system to support the land referencing services, in a software-as-a-service type solution that will deliver the following:

- Single spatially enabled integrated data and document management solution, accessible to all suppliers of land referencing services;
- Data consistent with the HS2 specifications; and

- Referential integrity between suppliers' datasets.

The purpose of this Period Indicative Notice (PIN) is to provide the market advanced notice of HS2's proposed procurement and to seek Expression of Interest (EOIs) from the market for this opportunity.

In order to submit an Expression of Interest, please see Section VI.3 (Additional Information) of this notice for further details on how to do this.
