Description

As a Waste Disposal Authority, Devon County Council is responsible for providing facilities (Household Waste Recycling Centres (HWRCs)), at which members of the public can discard their bulky household waste. The Authority tendered this service provision in 2016, with an initial term of 1st April 2017 to 31st March 2022 and a maximum extension period of a further 4 years. The Authority has extended the contract for the maximum extension period, meaning that the contract will officially end on 31st March 2026. As such, a tender exercise is required to put in place a new contract for the HWRC and two Transfer Station for 1st April 2026. We are proposing to undertake a market engagement process in early 2025, once a service review has taken place the preferred delivery model has been identified and has

received Cabinet approval. Subject to the response to the market engagement, we expect the initial term to be for a period of approx. 5 years with a maximum extension period of 5 years. The total costs above are based on the 2023/24 annual costs multiplied by 10 years (5 year initial term + 5 year extension).

Total value (estimated)

- £85,000,000 excluding VAT
- £102,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2031
- Possible extension to 31 March 2036
- 10 years

Description of possible extension:

Extensions are subject to mutual agreement of both parties, the Agreement may be extended by a period or periods up to a total maximum extended period of five (5) years
