Unauthorised disclosure of information / sensitive data is a major risk mainly due to the increasing dependence on electronic storage systems and the use of disposable media. Organisations have therefore developed asset disposal strategies that can require data to be deleted from media and equipment sometimes prior to its permanent removal from site for disposal and/or recycling or for assured data destruction. The framework therefore seeks to appoint Suppliers to; securely and irreversibly delete data from a range of media either on the customer's premises or offsite; and securely and legally dispose of redundant information and communications technology equipment and media. Once the Framework Agreement has been established, secondary competitions will be completed for each disposal required. The Framework period is for 4 years. In lieu of termination, CPD may issue a Notice of Written Warning or a Notice of Unsatisfactory Performance. A supplier in receipt of multiple Notices of Written Warning or a Notice of Unsatisfactory Performance may, in accordance with The Public Contracts Regulations 2015 (as amended), be excluded from future public procurement competitions for a period of up to three years. A list of organisations is included in the tender documents. This framework Agreement will be used to progress the Government's wider social, economic and environmental objectives.
