Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

ISS LITE - Construction Phase

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Cadent are required to protect its CNI Portfolio and have identified Austrey, Aspley & Rugby as requiring a LITE integrated security solution (ISS) installation to increase security, remove obsolescence and provide a standard approach across our estate.

The Works are to build the ISS Lite solution in accordance with the Approved G/17 Design Pack and to Cadent's CAD/SHES/PM/45 specification. The Contractor will act as both Principal Contractor responsible for engaging and managing any sub-contractors or consultants required for the Works.

The works will include, but not be limited to, the following elements;

- Site Mobilisation and access including arrangements for Temporary Security and Welfare.
- Removal of existing 2.4m high palisade fence and installation of new fencing solution.
- Installation of all associated ducting and bases related to the technology requirements of the ISS System
- Installation of a new ISS Kiosk and UPS system.
- Installation and Commissioning of the ISS equipment, including integration into the Cadent ARC.
- Handover of all documentation in line with Cadent Data book requirements.

If this opportunity is of any interest to your organisation please provide details below to abby.warrender@cadentgas.com once these details have been provided, Abby will share the Pre-Qualified Questionnaire.
