United Kingdom

NUTS code

- UKN06 - Belfast

Internet address

<https://irishwaste.net/>

The contractor/concessionaire is an SME

No

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The end of the previously tendered Council contract was to coincide with the commencement of a new arc21 contract for the processing and treatment of the Council's CA Residual & Bulky Wastes. However, due to unforeseen circumstances the arc21 contract has been delayed, the contract only recently being advertised with a current return date of 6 November 2024. The continuance of the Council's local contract with Irish Waste Services is to facility the transition to the arc21 contract upon its commencement and to ensure service continuity and no disruption to service in the interim. Not having a contract in place will lead to not only reputational damage but will have a negative impact on the Council's statutory obligations to divert waste from landfill and increase recycling as required by The Waste(Circular Economy) (Amendment) Regulations (NI) 2020.

A VEAT was published on 19/10/2024 with a 10 day Standstill period which ended on Friday 9th November 2024.

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The end of the previously tendered Council contract was to coincide with the commencement of a new arc21 contract for the processing and treatment of the Council's CA Residual & Bulky Wastes. However, due to unforeseen circumstances the arc21 contract has been delayed, the contract only recently being advertised with a current return date of 6 November 2024. The continuance of the Council's local contract with Irish Waste Services is to facility the transition to the arc21 contract upon its commencement and to ensure service continuity and no disruption to service in the interim. Not having a contract in place will lead to not only reputational damage but will have a negative impact on the Council's statutory obligations to divert waste from landfill and increase recycling as required by The Waste(Circular Economy) (Amendment) Regulations (NI) 2020.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1

Total contract value after the modifications

Value excluding VAT: £310,000
