The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

An agreement was made in December 2017 to return the hosting of the ICS system from Hampshire Council to the Isle of Wight Council. ICS hosting was originally transferred to Hampshire County Council after the establishment of a strategic partnership between organisations including the provision of senior management for Isle of Wight children's services. This took place in 2012. In the intervening period the ICS/SWIFT product set was sold by Northgate to OLM.

A parallel procurement process had been undertaken with Hampshire County Council for a replacement ICS System, as originally, the Council was to be implementing the same new social care system in line with Hampshire County Council's programme timelines and these were delayed extensively due to the COVID-19 pandemic. The project has now been re-launched independently of Hampshire following the recent termination of the agreement between our respective Childrens Services departments. This is now being driven by a team of external consultants who are project managing, configuring and migrating data.

The additional requirement set out for support and maintenance of the integrated children's services case management system and associated licenses at the Isle of Wight Council with OLM for Swift and ICS will cover this period and allow some contingency and time to allow for decommissioning of the outgoing system and servers. (01 May 2025 - 31 October 2025).

The support and maintenance of the integrated children's services case management system and associated licenses is required to remain directly with the incumbent supplier whilst the implementation and system transition is undertaken. The Council has had to extend a number of times due to delays with the project for the replacement system.

The Isle of Wight Council will be observing a 10-day standstill period which is due to expire at

midnight on 25 November 2024.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession
