VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Recurrent funding to continue the existing Familial Hypercholesterolemia (FH) case-finding and Identification Hub that is currently in operation at Norfolk and Norwich University Hospital.

Service will run from 1 Apr 2025 to 31 Mar 2030.

Value of this modification is £790,000 to 31 Mar 2030 (£158k per annum)

This modification is permissible in line with Section 13 - 2A and 2B (ii) of The Health Care Services (Provider Selection Regime) Regulations 2023 and does not render the contract or framework agreement materially different in character.

The cumulative change in the lifetime value of the contract or framework agreement since it was entered into or concluded is less than 25% of the lifetime value of the original contract or framework agreement when it was entered into.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

This modification will apply recurrent funding to continue the existing Familial Hypercholesterolemia (FH) case-finding and Identification Hub that is currently in operation at Norfolk and Norwich University Hospital.

This modification is permissible in line with Section 13 - 2A and 2B (ii) of The Health Care Services (Provider Selection Regime) Regulations 2023 and does not render the contract or framework agreement materially different in character.

VII.2.3) Increase in price
