Planning

Smart Metering Engineering Services

DESNZ & DSIT Group Commercial

F01: Prior information notice

Prior information only

Notice identifier: 2025/S 000-036997

Procurement identifier (OCID): ocids-h6vhtk-05580b

Published 3 July 2025, 9:35am

Section I: Contracting authority

I.1) Name and addresses

DESNZ & DSIT Group Commercial

London

Email

joanna.protopapas@energysecurity.gov.uk

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/department-for-energy-security-and-net-zero>

I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Smart Metering Engineering Services

II.1.2) Main CPV code

- 71300000 - Engineering services

II.1.3) Type of contract

Services

II.1.4) Short description

The requirement is for services relating to engineering, technical design, signal propagation and protocol specification for smart metering-related devices. The service provider develops and maintains specifications led by DESNZ on behalf of industry covering smart metering systems and related devices and the communications protocols underpinning the end-to-end system. It requires detailed knowledge of smart metering devices and their communications & security protocols, government and industry specifications and assurance processes, radio frequency signal propagation, the design and conduct of device trials and an ability to advise on technical issues identified during the rollout.

II.1.5) Estimated total value

Value excluding VAT: £2,800,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45315100 - Electrical engineering installation works
- 76100000 - Professional services for the gas industry

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The requirement is for services relating to engineering, technical design, signal propagation and protocol specification for smart metering-related devices. The service provider develops and maintains specifications led by DESNZ on behalf of industry covering smart metering systems and related devices and the communications protocols underpinning the end-to-end system. It requires detailed knowledge of smart metering devices and their communications & security protocols, government and industry specifications and assurance processes, radio frequency signal propagation, the design and conduct of device trials and an ability to advise on technical issues identified during the rollout.

II.3) Estimated date of publication of contract notice

5 September 2025

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
