Railway services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

#36634 - Ballast Blending Market Research

II.1.2) Main CPV code

- 50220000 - Repair, maintenance and associated services related to railways and other equipment

II.1.3) Type of contract

Services

II.1.4) Short description

Network Rail is trying to understand the market interest and capability to deliver comprehensive services of ballast blending as described in the scope. With the main requirement being receiving used track ballast (product graded) and new ballast, by rail, carry out the required processing and supply a blended ballast, consisting of no more than 50% used ballast, in line with Network Rail's track ballast specification, subsequently loaded to rail wagons.

The Supplier must have rail-linked facilities and the relevant permits required to deliver the Services.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 14212310 - Ballast
- 34946120 - Railway materials

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Network Rail is trying to understand the market interest and capability to deliver comprehensive services of ballast blending as described in the scope. With the main requirement being receiving used track ballast (product graded) and new ballast, by rail, carry out the required processing and supply a blended ballast, consisting of no more than 50% used ballast, in line with Network Rail's track ballast specification, subsequently loaded to rail wagons.

The Supplier must have rail-linked facilities and the relevant permits required to deliver the Services.
