I.6) Main activity

Railway services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

High Speed Two (HS2) Limited, Phase One Stations - Framework Agreement for Uninterruptible Power Supply components & Central Battery Systems

II.1.2) Main CPV code

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

II.1.3) Type of contract

Supplies

II.1.4) Short description

This procurement is to establish a single supplier Framework Agreement under which there will be Call-Offs for the supply, installation, testing, commissioning, and maintenance of Uninterruptible Power Supply components & Central Battery Systems primarily for the new Phase One Stations to be constructed at Euston, Old Oak Common, Birmingham Curzon Street and Interchange (base scope). These Uninterruptible Power Supply components & Central Battery Systems may also be required and called off under the Framework Agreement as optional scope at other sites (see VI.3 below). The Framework is being established for use by the Phase One Station Contractors (Supply Call-Off Contract), HS2 or an appointed Infrastructure Manager, if applicable (Maintenance Call-Off Contract) and for use by other Contracting Bodies defined in VI.3 below (both Supply and Maintenance Call-Off Contracts).

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £66,465,630

II.2) Description**II.2.2) Additional CPV code(s)**

- 30214000 - Workstations
- 31500000 - Lighting equipment and electric lamps
- 31520000 - Lamps and light fittings

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

This procurement is to establish a single supplier Framework Agreement under which there will be Call-Offs for the supply, installation, testing, commissioning, and maintenance of Uninterruptible Power Supply & Central Battery Systems, primarily for the new Phase One Stations to be constructed at Euston, Old Oak Common, Birmingham Curzon Street and Interchange. These Uninterruptible Power Supply & Central Battery Systems may also be required and called off under the Framework Agreement as optional Scope at other sites (see VI.3 below). The Framework is being established for use by the Phase One Station Contractors (Supply Call-Off Contract), HS2 or an appointed Infrastructure Manager, if applicable (Maintenance Call- Off Contract) and for use by other Contracting Bodies defined in VI.3 below (both Supply and Maintenance Call Off Contracts). Further information on the procurement and on the scope (both base and optional), Contracting Bodies and anticipated timing and value of Call-Off Contracts is included in the PQP documents (Heads of Terms and Outline Scope documents).

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 60

Cost criterion - Name: Commercial / Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

HS2 Ltd reserves the right to omit and/or vary the scope. As further described in the PQP documents and in the accompanying Outline Scope document, Applicants should note in particular that the scope may include optional projects as described in II.2.11)1) below:

1) Other Contracting Bodies, as described in VI.3) part 6) (at their sole and absolute discretion) can enter a Supply and Installation Call-Off Contract and a Maintenance Call-Off Contract with the successful Tenderer. The prices submitted by the successful Tenderer will be applied to inform and calculate the price for undertaking the Optional Project.

2) Option to extend the term of the Framework Agreement

The term of the Framework Agreement will be for an initial term of eight years although HS2 Ltd reserves the right to extend the term of the Framework Agreement for up to a further two years to make a maximum possible term of ten years. HS2 Ltd reserves the right to extend the term of the Framework Agreement from eight to ten years if one or more Station Contracts is delayed so that the anticipated timing of the Call-Offs set out in the Outline Scope document cannot be achieved within the initial eight-year term. The justification for any such extension beyond the initial eight-year term of the Framework Agreement is to ensure that HS2 Ltd can use the Framework Agreement to achieve the Stations Common Components strategy notwithstanding a delay to the Station Contracts.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Applicants are referred to VI.3) Additional information in this Contract Notice below.
