Following a Supplier Briefing event, FSCS decided to procure all its requirements for temporary and permanent personnel under a single Master Vendor contract. FSCS already has a specialist recruitment framework for executive and non-executive roles. The new master vendor contract will be in addition to this arrangement and will therefore not include executive and non-executive roles. The services will include supporting a FSCS's People Team to attract, recruit and retain candidates with the right blend of skills, qualifications, experience, knowledge, and attitude into the right roles and in the right place to deliver on the Scheme's strategy. In September 2024, FSCS published a Prior Information Notice in relation to procurement of master vendor contracts under two Lots, (i) Claims handler and (ii) Non-claims handler. The two Lots covering both permanent and contractor roles across the Scheme. Following a Supplier Briefing event, FSCS decided to procure all its requirements for temporary and permanent personnel under a single master vendor contract. We currently have a Master Vendor in place to support all our recruitment needs, temporary agency worker, contractor, fixed term and permanent, except for Executive and NED recruitment. Our current Master Vendor contract is coming to the end of its life and therefore we are seeking a new Master Vendor initially for a two-year contract with the option to extend for up to a further two years in two twelve-month extensions.

We aim to build and maintain the trust of everyone we work with through rigorously independent decisions, efficient operations, resilience in tackling financial failures and always putting our customers first. Our claim handlers are our customer facing roles and as such we rely on their professionalism, skills, and expertise to handle the process with the customers and to arrive at the right outcome in every case.

We recognise that to achieve the levels of service and trust we strive for we must recruit the right contractors and permanent staff.

The Service Provider will handle all our recruitment requirements within the scope defined in this Statement of Requirements for temporary agency workers, contractors, fixed term, and permanent staff, i.e., all roles except for Executive and NED roles. They will be required to source talent with the essential technical skills and expertise required as well as the attitudinal attributes and qualities that are consistent with those of FSCS.

More detail about the requirement can be found in the tender documents on FSCS's e-procurement portal Delta. Details on how to access documents are contained within this notice.
