II.2.4) Description of the procurement

There will be a strong focus on utilising data and information to provide seamless learning experiences through one interface, with Network Rail Training aiming to move away from siloed solutions that drive inefficiencies due to disbursed learning content.

As an arm's length government organisation, Network Rail has a responsibility to ensure funding provides value for money and that there is a proven return on any investment. With this in mind, Network Rail require supply that can provide a platform that meets its needs both in terms of relevant, quality content, user experience, and innovation.

Please note any discussions which do occur will cease immediately should a formal

competition ultimately be announced. Network Rail is committed to ensuring fairness, openness and transparency, and to following UK procurement regulations.

This Periodic Indicative Notice is issued solely for the purpose of conducting pre-procurement market engagement via a Request for Information and does not constitute any commitment to undertake any procurement in the future.

Interested parties will not be prejudiced by any response or failure to respond to the PIN event and a response to this PIN does not guarantee any invitation to participate in this event or any future procurement. This PIN does not constitute a call for competition to procure any services, supplies or works mentioned in this PIN and Network Rail will not accept any proposals offered in response to this PIN.

Network Rail is not liable for any costs, fees, or expenses incurred by any party in replying to this PIN.

Any procurement of any services, supplies or works by Network Rail will be carried out

strictly in accordance with the provisions of the Utilities Contracts Regulations 2016.
