II.2.4) Description of the procurement

This is a Voluntary Ex-Ante Transparency Notice to provide notice of the Contracting Authority's intention to modify an existing contract for 'Termination of Pregnancy Services (TOPS). the contract will be modified with the incumbent provider, Marie Stopes Reproductive Choices, to provide the services within the Devon area due to a material change in the value of the contract resulting from increased activity levels

The current contract was competitively procured in 2019 and went live on 1st April 2020 with an end date of 31st March 2025 and potential extension to 31st March 2027. Since the original procurement, activity levels have increased both nationally and in Devon at a significant rate year on year. As the contract involves activity-based payment this increased activity has led to a material change in the value of the contract.

The contract was originally procured based on activity from the preceding years with a maximum value of £2,755,801 for the total contract, including the extension period. Based on cost to date and projected costs using more recent averages, the total value of the contract, including the extension option, is now projected to be £5,919,695.

On the basis that this increase is due to activity levels, that would have applied regardless of provider, and not any other change to the terms of the contract, the decision has been taken to continue with the current contracted provider in line with the original contract dates. A further competitive procurement process will not be undertaken.

II.2.11) Information about options

Options: Yes

Description of options

Option to extend current contract for a further 24 month period until 31st March 2027

II.2.14) Additional information

In line with best practice, the Authority will apply a voluntary 10-day standstill period from the publication date of this Notice before awarding the contract, pursuant to Regulation 99 (3) (c) of the Public Contract Regulations 2015 (as amended (EU Exit) 2020 etc.)
