Scope

Description

ACT in a Box is an interactive, hybrid e-learning tool which enables sites to rehearse and explore their incident response and apply NaCTSO guidance in a safe-to- fail environment. The objective of the contract will be to expand the ACT in a BOX product by delivering new attack scenarios for businesses of all sizes, containing one further attack scenario, by the end of the 2025/2026 financial year. In line with the structure of the existing product, the new package will involve a fictional scenario presented in a series of injects accompanied by visual material, with each phase followed by a period of group discussion and the corresponding national guidance.

This most likely will be procured through RM6219 Learning and Training Services DPS
