#### **Description**

NHS Sussex ICB invites you to join us in shaping a new approach to the way we commission Nursing Home services.

We want to deliver better outcomes for the ICS, for our care providers and for the individuals in receipt of care through a standardised service specification and procurement process.

Over the coming months we will work with our care providers and other local partners to co-develop a service specification for a Nursing Home Any Qualified Provider (AQP) contract. Following the specification development, we will run a procurement process.
