## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons
- Additional deliveries by the original supplier

Explanation:

Additional deliveries are required from the original supplier as an interim arrangement until a procurement can be completed via the current Dynamic Purchasing System. A change of supplier would result in incompatibility as the purchase of supplies with different technical characteristics would require extensive ICT and infrastructure works which would result in incompatibility and disproportionate technical difficulty that would impact on patient care and service delivery.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
