II.2.4) Description of the procurement

The aim of this procurement is to secure a long-term contract for a period of 3 years + 2 years extension for the supply of Anti-icer and De-icer products to Manchester airport, covering; runways, taxiways and aircraft stands. This procurement is essential to securing a Anti-icer and De-icer products supplier who can meet the current and future winter demands, ensuring continuity of supply during high peak periods and/or prolonged adverse weather conditions. MAG is committed to ensuring that the best results possible are obtained from our expenditure on Anti-icer and De-Icer products by adopting the appropriate controls and best practice processes to generate demonstrable commercial risk management, value for money and the maximisation of benefits via the tender process. It should also be noted that Corporate Social Responsibility (CSR) is a high priority at MAG. We have company-wide commitments to sustainability; it is led from the very top of the company and embedded into everything we do. We've set ourselves some challenging targets and our suppliers and the products you supply are integral to our success.

II.2.5) Award criteria
