I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Operation and Maintenance Contract

Reference number

CA18/2/1/70 /4

II.1.2) Main CPV code

- 45259100 - Wastewater-plant repair and maintenance work

II.1.3) Type of contract

Works

II.1.4) Short description

The Coal Authority (CA) is a non-departmental public body and partner organisation of the Department for Energy Security and Net Zero (DESNZ) with a mission to make a better future for people and the environment in mining areas.

The Coal Authority manages the effects of past coal mining, including subsidence damage claims which are not the responsibility of licensed coal mine operators. It deals with mine water pollution from both coal and metal mines and other mining legacy issues.

In partnership with the Department for Energy Security and Net Zero (DESNZ), the Department for Environment, Food and Rural Affairs (DEFRA), the Environment Agency (EA), Scottish Environment Protection Agency (SEPA) and Natural Resources Wales (NRW), the Coal Authority delivers a program of mine water treatment and monitoring across England, Scotland and Wales, ensuring that the mine water is effectively treated before entering natural watercourses.

Operation and maintenance (O&M) of the Coal Authority's Mine Water Treatment Schemes (MWTS) and other legacy assets supports the Coal Authority's mission and is critical for the protection of drinking water aquifers and surface water bodies including rivers, lakes, and the sea.

The O&M service is currently contracted under New Engineering Contract 3rd revision (NEC3) Term Service Contract (TSC). This contract was awarded in 2014 and will expire on 30th June 2026.

The Coal Authority seeks to let a new O&M contract for the services required to ensure regulatory compliance and protect public safety.

Market engagement sessions will be undertaken during week commencing 29 January 2024 in advance of the planned publication of the tender in April 2024.

Please contact us if you wish to participate in these engagement sessions and if you have any queries at all.
