#### **II.2.4) Description of the procurement**

The V&A is seeking to appoint a supplier to work closely with the Order an Object project team to develop a technical solution for the Order an Object Service. This technical solution will enable the public to 'order an object', i.e. to book an appointment to have an encounter with objects of their choosing from the V&A collections at one of our available sites.

The V&A has chosen Dynamics 365 Field Service as the primary application in which the solution is to be delivered, with the use of additional Microsoft applications where required to meet any additional functionality.

The Contract is for:

The discovery, design, development and implementation phases for the Order an Object Technical Solution using Dynamics 365 Field Service, provided on a fixed fee basis which should be reflected in the price tendered.

The licenses, and support for a period of up to seven years from the 'go live' date subject to break clauses.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**
