Essex County Council (ECC) are committed to investing in a quality holistic support offer for a thriving Voluntary and Community Sector (VCS), which is imperative to achieving the ambitions we have for Essex residents. This VCS support programme will build capacity and resilience to enable the sector to continue to deliver key services for residents as a valued system partner.

As part of the wider VCS support programme, ECC are seeking to procure a VCS Resource and Funding Maximisation offer which will work collaboratively with:

- A VCS Universal Standard Support Offer, providing digital business, compliance and learning resources.
- A VCS Community Participation partner, working strategically to develop a culture of participation across Essex and:
- Geographically based resources offering targeted and bespoke support across a range of outcomes.

The primary scope of the VCS Resource and Funding Maximisation service is predicated upon investing in a partner to enable a more strategic approach to maximising the funding and resources for the VCS. This partner will leverage financial and non-financial resources, strengthen the VCS capacity to secure funding, and support a strategic approach to distributing funding and non-financial resources.
