Scope

Description

The London Borough of Hammersmith and Fulham is preparing to procure a new Advocacy Service for adults.

As part of this process, the Council is exploring opportunities to enhance coordination and accessibility across statutory and community advocacy provision, which may include considering more integrated delivery approaches.

To support this, we are hosting engagement opportunities with existing and potential providers ahead of the formal procurement process. These include a market engagement event and a questionnaire, with the aim to:

- Introduce the Council's vision for future advocacy services.
- Share the Council's challenges, intentions and desired outcomes.
- Explore delivery models and options for structuring the future service.
- Invite views on desired outcomes and service scope.

- Gather informal input to shape technical requirements and service design.
- Understand current market capabilities, innovations and best practice.
- Support networking to encourage potential partnerships, consortia, or supply chains.

This engagement is part of the Council's commitment to designing a high quality, accessible, and inclusive advocacy service that meets the diverse needs of adults across the borough.

We invite interested providers to participate in a market engagement event and/or respond to a questionnaire. Please register your expression of interest via our e-tendering portal.
