- 45211000 - Construction work for multi-dwelling buildings and individual houses

II.2.3) Place of performance

NUTS codes

- UKH3 - Essex

Main site or place of performance

Essex

II.2.4) Description of the procurement

Design and Build Contractors are invited to submit a concept design for the proposed affordable housing development within the ex-looker's car showroom plot, 72- 86 Military Road.

The concept that is currently preferred by the client is to maximise the provision of family homes where there is the greatest waiting time in the area. Whilst still delivering a financially viable site.

The new development will need to:

- 1.Satisfy the objectives set out above
- 2.Provide a cost-effective solution
- 3.Connect to existing residential areas
- 4.Create communal areas that enhance the surrounding site, potentially linking to the existing allotments or reallocating this provision within the site
- 5.Be of scale, form, materials and aesthetics that are sympathetic to the surrounding area

The client's maximum target budget for the project is £7.5m, to include all items set out below. This is contingent upon achieving a viable development that optimises the number of dwellings on the site. Whilst the costs will be scored separately from the qualitative responses; the budget will be assessed based on the assumption that the proposals achieve the objectives set above, in line with the Employers Requirements. Any derogations to this must be included as part of the submission or the tender will be excluded. Bidder's cost should be inclusive of:

- Design fees including statutory fees (Planning, Building Regulations, etc.) and temporary works.
- LABC Warranty certification
- Any additional survey costs.
- Construction costs and any project fees, including making good site boundary walls where required.
- Contractor's risks

II.2.5) Award criteria

Quality criterion - Name: Concept Design / Weighting: 13.5
