Electricity

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

SSE Distribution Marine Survey DPS

II.1.2) Main CPV code

- 71354500 - Marine survey services

II.1.3) Type of contract

Services

II.1.4) Short description

Scottish Hydro Electric Power Distribution plc (SHEPD) owns and maintains the electricity distribution network in the North of Scotland and Scottish Islands comprising of overhead lines, underground cables and submarine electricity cables. SHEPD are responsible for the maintenance, repair and replacement of submarine cables in order to maintain security of supply to customers. As part of SHEPD's RIIO ED2 price control period, the team plan to deliver end-to-end cable inspections on 71 submarine cables within the SHEPD license area. The total length of cable to be inspected is approximately 310km, split over a number of inspection campaigns spread across the price control period of 2024 to 2027. Other project may require additional surveys such as Geotechnical, Benthic and UXO. The Distribution DPS is open to be used by any business unit within the SSE group and where SSE is part of a joint venture.

II.1.5) Estimated total value

Value excluding VAT: £20,000,000

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

High Level Project Summary Scottish Hydro Electric Power Distribution plc (SHEPD) owns and maintains the electricity distribution network in the North of Scotland and Scottish Islands comprising of overhead lines, underground cables and submarine electricity cables. SHEPD are responsible for the maintenance, repair and replacement of submarine cables in order to maintain security of supply to customers. As part of SHEPD's RIIO ED2 price control period, the team plan to deliver end-to-end cable inspections on 71 submarine cables within the SHEPD license area. The total length of cable to be inspected is approximately 310km, split over a number of inspection campaigns spread across the price control period of 2024 to 2027. These inspections are required to inform future intervention strategies, by understanding cable condition as well as confirming the latest cable position on the seabed. These works shall be undertaken in compliance with the latest inspection specification which satisfies Marine Scotland requirements. The 71 submarine cables which require inspection

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

the DPS may be extended by up to an additional 60 months
