Contract

Project_1375 - OO -Phoenix Rollout out Service Integration Services - 1227

Scotland Gas Networks (SGN)

F06: Contract award notice – utilities

Notice identifier: 2025/S 000-037681

Procurement identifier (OCID): ocids-h6vhtk-02874b

Published 7 July 2025, 11:09am

Section I: Contracting entity

I.1) Name and addresses

Scotland Gas Networks (SGN)

St Lawrence House, Station Approach

Horley

RH6 9HJ

Contact

Richard Hoskins

Email

richard.hoskins@sgn.co.uk

Telephone

+44 7572904303

Country

United Kingdom

Region code

UK - United Kingdom

Justification for not providing organisation identifier

Partnership

Internet address(es)

Main address

<https://www.sgn.co.uk/>

I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Project_1375 - OO -Phoenix Rollout out Service Integration Services - 1227

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

Installation services of Hardware

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

An Operational Technology (OT) Security enhancement field gas site telemetry solution is required to be rolled out across approximately 330 sites over 5 years (this includes the max 41 sites that are part of the previous FWACV (Flow Weighted Average Calorific Value) pilot). The tool must have the following attributes:

- Demonstrate mitigation of risk and compensating controls sufficient to establish CAF compliance in a NIS environment.
- A proven history of deployment in the energy distribution sector suitable for deployment into UK CNI environments (has gone through PS6 approval).
- Not contain products from countries that pose a threat to the UK.
- Capable of being integrated into an existing operational gas distribution environment that lacks the required cyber controls without the need for significant redesign or functional OT equipment replacement.
- Quick and easy to deploy at scale across SGN's operational territory by an OT systems integrator or SGN's own field engineers.
- Integration services for the Industrial PC Based Hardware. The Service Integrator will carry out installation of the Industrial PC Based Device, ensure a secure connection to good industry-based standards and compliance to design. This will be awarded through running a separate competitive process.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2023/S 000-024659](#)

Section V. Award of contract

Contract No

1

Title

Project_1375 - OO -Phoenix Rollout out Service Integration Services - 1227

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

21 May 2025

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

SGN

St Lawrence House

Horley

RH6 9HL

Country

United Kingdom
