The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the

contract):

Due to unforeseen circumstances, the previously indicated requirement for the project to include an age inclusive element within the extra care scheme is being withdrawn. Otherwise, the extra-care facility will remain as originally planned. This modification is in line with Regulation 72(1)(c) and does not change the overall nature of the contract.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Following contract award, the nominated partner of the key developer for Extra Care provision unexpectedly withdrew from the scheme, which neither the key developer or the Authority could have foreseen. The key developer has attempted to engage another interested partner but the indications are that there is no appetite for the age inclusive element within the overall project and therefore this element should be withdrawn, in line with conditions set within Regulation 72(1)(c). It is the view of the local authority that the change does not alter the overall nature of the contract. Furthermore any increase in price does not exceed 50% of the value of the original contract.

It is therefore proposed to remove the requirement for an age inclusive extra care scheme from the requirement for the overall project.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £2,254,251

Total contract value after the modifications

Value excluding VAT: £2,254,251
