II.1.4) Short description

The Perfusion category captures the scope of products that support the passage of fluid through the circulatory system or lymphatic system to an organ or a tissue where a patient is undergoing surgery or organs are being transplanted to keep the organ/tissue viable. There is a broad scope of products that can be captured in this category, precise quantities of which are unknown. It is anticipated that expenditure will be in the region of £4m to £11m in the first term (based on a 2+2 year term) of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. The expectation is to utilise this PIN to engage the marketplace to better understand the new device areas and as such provide clearer value at the point of tendering.

At this time the estimated total value of the Framework Agreement for the full term is in the region of £11 million - £18 million

The Framework Agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies and/or services from suppliers not appointed to the Framework Agreement at its sole discretion.

NHS Supply Chain intends to enter into arrangements under which it will be entitled to purchase supplies and/or services which it will make available for purchase by any NHS Trust, or any other NHS entity. Only NHS Supply Chain can order from the Framework Agreement and enter into contracts under it.

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

The Framework Agreement will be between NHS Supply Chain and the Supplier. Under the Framework Agreement there will be two different methods of supply - one for Non-Direct Contract Products and one for Direct Contract Products.

NHS Supply Chain will be entitled to purchase the supplies and/or services identified in the tender documents as Non-Direct Contract Products which it will then make available for purchase by 1) any NHS Trust; 2) any other NHS entity; 3) any government department, agency or other statutory body and/or 4) any private sector entity active in the UK healthcare sector.

For the supplies and/or services identified as Direct Contract Products in the tender documents 1) NHS Supply Chain; 2) any NHS Trust; 3) any other NHS entity; 4) any government department, agency or other statutory body and/or 5) any private sector entity active in the UK healthcare sector will be able to enter into a direct contract with the Supplier for any of the supplies and/or services under the Framework.

The NHS has adopted PPN 06/20 (taking account of Social Value in the award of Government Contracts) 2022, and therefore this future Framework Agreement will include some qualitative evaluation questions on Social Value with a min. weighting of 10% towards the award. For more information on Social Value and to understand what's included in Social Value, please see:

<https://www.gov.uk/government/publications/procurement-policy-note-0620-taking-account-of-social-value-in-the-award-of-central-government-contracts>. In addition, from April 2023: the NHS will adopt the Government's 'Taking Account of Carbon Reduction Plans' (PPN 06/21) requiring all suppliers with new contracts for goods, services, and/or works with an anticipated contract value above £5 million per annum, to publish a carbon reduction plan for their direct emissions. From April 2024, the NHS will expand this requirement for all new contracts, irrespective of value. From April 2024, the NHS will expand this requirement for all new contracts, irrespective of value.

NHS Supply Chain is currently considering the use of lots for this procurement. However, it reserves the right not to as part of any future tender process. Further information in respect of the lot strategy will be set out in the notice for the forthcoming procurement.

As part of its pre-tender strategy, NHS Supply Chain would also like to engage with suppliers of these products via a Request for Information (RFI). Candidates wishing to complete the Request for Information must register their expression of interest. The RFI document will then be sent via the Jaggaer Messaging Centre. Any additional information relating to this PIN will also be issued via the Jaggaer Messaging Centre.
