Scope

Description

This Pre-Procurement Exercise is being run to support the consolidation of the existing verification and identity check contracts to be procured through an open-procedure. The objective of NHS login is to simplify the adoption of digital tools and services that require secure verification and authentication, by providing a simple, consistent, and trusted mechanism for users to access digital services in health and social care. NHS login ensures users are correctly matched to their NHS record (via NHS number or appropriate record identifier) so they can gain access to the service they require. Users require identity verification to an assurance level that is appropriate to the service they are trying to access. A full description of the requirements for the ID Verification Service and Liveness and Likeness Service can be access in the Request for Information Documents, linked to this Notice.

Total value (estimated)

- £16,500,000 excluding VAT
- £19,800,000 including VAT

Above the relevant threshold

Engagement

Engagement deadline

18 July 2025

Engagement process description

Suppliers interested in this opportunity are requested to complete two RFI documents

related to the Identification Verification Service and Liveness and Likeness Service supporting NHS Login.

Clarification questions and responses must be submitted via the NHS England's e-Tendering portal, Atamis. The preliminary market engagement documents and questionnaire can be found on Atamis by searching for "C357296 RFI - ID Verification Solution". To register on the NHS England's e-Tendering portal and to access this opportunity, please go to <https://health-family.force.com/s/Welcome>. You can then search for the opportunity and access any further information.

The deadline for submitting questions relating to this RFI will be 18:00 BST 15th July 2025.

This preliminary market engagement exercise is due for return by 18:00 BST 18th July 2025.
